## WORKSHOP DESCRIPTIONS

### **Budgeting: Making a Money Plan That Works**

This course gives tips and advice for designing a balanced budget and offers the opportunity to participate in budgeting exercises. Attendees are given the tools to create their own personalized budget, including recommended spending figures.

### **Savings: Making Your Money Work for You**

As an introduction to savings, this course teaches the importance of: setting up a savings goal, starting a savings plan and budget, and becoming knowledgeable about the different types of savings accounts and programs, including accounts with interest.

### **Banking Basics**

Attendees are introduced to banking by learning how to set up and use a bank account, read statements, and balance a checking account.

### **Good Credit and How to Get It**

This course is designed to emphasize the importance of having good credit. Attendees will learn how to request and read a credit report, as well as how to correct errors. The class will discuss ways to establish and maintain a good credit rating.

### **Loans: When to Save, When to Borrow, When to Buy**

This course is designed to be an introduction to the different types of loans: vehicle, education, mortgage, consumer, etc. Attendees will learn to search for reputable loans, as well as understand the steps needed to apply for loans.

### **Identity Theft**

Attendees learn the methods used to steal identity and find out how to prevent identity theft. The course will also address procedures to take if an individual is victimized.
