WORKSHOP DESCRIPTIONS

Budgeting: Making a Money Plan That Works

This course gives tips and advice for designing a balanced budget and offers the opportunity to participate in budgeting exercises. Attendees are given the tools to create their own personalized budget, including recommended spending figures.

Savings: Making Your Money Work for You

As an introduction to savings, this course teaches the importance of: setting up a savings goal, starting a savings plan and budget, and becoming knowledgeable about the different types of savings accounts and programs, including accounts with interest.

Banking Basics

Attendees are introduced to banking by learning how to set up and use a bank account, read statements, and balance a checking account.

Good Credit and How to Get It

This course is designed to emphasize the importance of having good credit. Attendees will learn how to request and read a credit report, as well as how to correct errors. The class will discuss ways to establish and maintain a good credit rating.

Loans: When to Save, When to Borrow, When to Buy

This course is designed to be an introduction to the different types of loans: vehicle, education, mortgage, consumer, etc. Attendees will learn to search for reputable loans, as well as understand the steps needed to apply for loans.

How to Raise Money Smart Kids

A workshop for parents of children from preschool to high school seniors. Gives parents the tools to teach money management skills consistent with their family's values.

Further Education with Less Debt

This workshop is designed to be an introduction to the different types of student loan options and sources of financial aid before taking on debt. Attendees will learn the steps of filling out the FAFSA and what is needed before applying. Searching for scholarships, grants, and other funds for furthering their education while stressing the importance of a good credit rating will also be covered.
